**Please include:**

**1. An unbiased 3-5 sentence description of your company:**

APEC is a manufacturer of metal building components such as roofing & wall panels. Those panels include Structural Standing Seams as well as Screw Through Panels such as PBR, PBU, and 7.2 Corrugated. APEC also manufacturers sub structural components including Cees, Zees, Eave Struts, & Base Angle.

**2. A description of the markets your company services, i.e. commercial, institutional, residential, industrial, or small businesses (organizations with 100,000 total square feet or less of space). Also state whether or not your company actively sells or promotes products or services to customers located in the United States.**

With over 190,000 square feet of production facility, and the best manufacturing equipment in the industry (Bradbury), APEC is able to provide quality products and services to the Agricultural, Residential, Commercial, Industrial, & Architectural roofing and siding markets in the Southeastern United States.

**3. If your company services the commercial market, please identify the sector(s) that the organization services: (Check all that apply)**
